The GRAPHIC'S
SCHOOL
COLUMN

Conducted by Dr. Henry E. Hein. N. Y. High School Principal

The United Parents' Association of Greater New York Schools has issued a little pamphlet, "Your Child and its School," that contains much of value to every parent. Some of the rules laid down for parents follow:

Dr. Henry E. Hein "Arrange the breakfast and Dr. Hein lunch hours so that there is no rushing at home or to school.

"Encourage punctuality and regular attendance, not permitting trifles to interfere.

"See that the children are dressed simply, neatly, modestly and suitably in accordance with the weather.

"Insist upon children under 14 having at least ten hours' sleep.

"Find out how much time should be devoted to home work, and develop in children a feeling of responsibility for doing it.

"Provide a quiet place for home study, with good light and ventilation. Prevent interruptions as far as possible.

"Show an interest in the children's school work, athletics, and other activities.

"Visit the classroom during Open School Week, and at other times, for a better understanding of conditions.

"Do not criticize the teachers or school at all within the child's hearing. Always hear both sides of every question and ask the teacher about it.

"Instill in the children habits of obedience and respect for authority.

"Picture the school as a happy, desirable place, rather than as one children should dread.

"Keep in mind that the school offers unlimited opportunities to those who take advantage of them, parents as well as pupils."
